Van Zantvoort, J.H.C., Plukker, S.G.L., Dekkers, E.C.A., Petkov, G.D., Khoe, G.D., de Waardt, H., Lensed Fiber-Array Assembly With Individual Fiber Fine Positioning in the Submicrometer Range, IEEE Journal of Selected Topics in Quantum Electronics, Vol. 12, Issue 5, pp. 931-939

Petkov, G.D, van Zantvoort, J.H.C., Khoe, G.D., de Waardt, H., Laser-supported actuators for Fiber Array to Chip Coupling, Proc. Symposium IEEE/LEOS Benelux Chapter , December 1-2, 2005, Mons, p.p. 221- 224

Henneken, V.A., van den Bedem, S.P.W., Tichem, M., Karpuschewski, B. and Sarro, P.M., Design of in-package MST-based actuators for micro-assembly, CD-ROM Proceedings 7th SAFE workshop, Veldhoven, the Netherlands (November 25-26, 2004)

Henneken, V.A., Tichem, M. and Karpuschewski, B., Exploring the benefits of MEMS for micro assembly tasks, Assembly Automation 24(4), pp. 416-21, 2004

Henneken, V.A., Tichem, M. and Sarro, P.M., In-package MEMS-based thermal actuators for micro-assembly, Proceedings 16th MicroMechanics Europe Workshop, Göteborg, Sweden (September 4-6, 2005) pp. 284-7

Henneken, V.A. and Tichem, M., Tolerance budgeting in a novel coarse-fine strategy for micro-assembly, Proceedings 3rd Int. Precision Assembly Seminar, Bad Hofgastein, Austria, (19-21 February, 2006) pp. 155-66

Henneken, V.A., Tichem, M. and Sarro, P.M., In-package MEMS-based thermal actuators for micro-assembly, Journal of Micromechanics and Microengineering 16, pp. S107-15, 2006

Henneken, V.A., Tichem, M. and Sarro, P.M., Improved thermal U-beam actuators for micro-assembly, CD-ROM Proceedings Eurosensors XX, Göteborg, Sweden (September 17-20, 2006)

Sassen, W.P., Henneken, V.A., Tichem, M., and Sarro, P.M., Contoured thermal V-beam actuator with improved temperature uniformity, Sensors and Actuators A 144, pp. 341-347, 2008

Henneken, V.A., Sassen, W.P., van der Vlist, W., Wien, W.H.A., Tichem, M., and Sarro, P.M., Two-dimensional fiber-positioning and clamping device for product-internal microassembly, accepted for publication in IEEE Journal of Microelectromechanical Systems, 2008

Sassen, W.P., Henneken, V.A., Tichem, M., and Sarro, P.M., Improved in-plane thermal folded V-beam actuator for optical fibre alignment, accepted for publication in Journal of Micromechanics and Microengineering, 2008
